COMMUNICATION ELECTRONIC OPERATING INSTRUCTION (CEOI)/ COMMUNICATION ELECTRONIC STANDARD INSTRUCTIONS (CESI)

SIGNAL SCHOOL
ITG, ETC, PA

NEED

The CEOI system and components, CESI management procedures, and COMSEC measures ensure secure, reliable, and effective military communications. This knowledge enables to properly validate, control, and integrate CEOI/CESI into communication planning and operations in support of mission accomplishment.

H201BDE, 2ID, PA	CEOI Item Nr 3-1	GENERAL INFORMATION ST "COMMANDO"

1. EFFECTIVITY: ON ORDER

2. GENERAL INFORMATION:

a. The preparation, publication, distribution, safeguarding and/or destruction of the 201ST Brigade (Kabalikat), 2nd Infantry (Jungle Fighter) Division (2ID), Philippine Army Communications-Electronics Operating Instruction (CEOI) is an inherent function of the Office of the Assistant Chief of Staff for C4S, G6. This CEOI is intended primarily as an integrated publication for use of this Headquarters and its subordinate combat, combat support and combat service support units to include other AFP units placed under its operational control for coordinated communications during joint/combined arms tactical and other contingency operations. For this purpose and security reasons, recipient organizations covered in item 2 (Distribution) of this CEOI will not use this publication for respective internal communications purposes within/among its subordinate units.

b. Provisions of AFPRG-200-013-S-67 regulates the receipt, accounting, usage and eventual destruction of the CEOI which is a registered secret publication. Receipt for the current CEOI is to be properly accomplished and promptly sent by the S6, 201ST Brigade (Kabalikat), 2ID, PA to the Office of the AC of S for CEIS, G6, 2ID, PA, 2nd Infantry (Jungle Fighter) Division, PA for record purposes. Destruction reports of superseded CEOI's to include the records of those destroyed reproduced extracts of said items should be submitted by the S6, 201st Brigade, 2ID, PA to the Commander, 2ID, PA (Attn: G6) within 24 hours after the destruction of same has been accomplished.

c. The AC of S for CEIS, G6, 2ID, PA shall be notified by the most expeditious and appropriate means for any correction, alteration of new item required based on the current 2ID CEOI, to include errors noted in succeeding editions of the publications.

3. SECURITY

a. Required basic code/cipher and other items of cryptographic nature were included in the 2ID CEOI. As such, the publication as a whole or its pertinent extracted items will be treated and accorded with security measures suitable for crypto materials.

b. Users are advised to minimize exposure of the whole publication in critical areas other than in those relatively secured major headquarters/command posts during tactical operations. If so, required by elements of the combat forces, only those needed items are to be extracted and issued. When capture is imminent, these items are to be destroyed with top priority. In case of loss, capture, suspected compromise or exposure of the 2ID CEOI to unauthorized person as to endanger the security of the communication system, a brief message shall be sent immediately to this Headquarters (Attn: G6) stating the circumstances of the incident, the Short Title and Item Nr of the CEOI. If the whole CEOI was believed to have been compromised, subsequent detailed report shall be submitted to this Headquarters (Attn: G6) containing information such as the personnel responsible, circumstances, leading to the incident, action taken and recommendation to forestall similar occurrence.
